“ When you remember something she said and oh there are so many to remember, a hat or suit she wore, eat a dish she taught you how to make, one of her smiles, and numerous other memories, Ms. Sallie (Sal, my pet name for her) will always be with you and us her friends. So go ahead and grieve then stop that crying. She'd say now your job is to live your life for the Lord like I taught you so you'll see me again. I can hear Sal saying all right y'all it's okay but I'm at peace because I am truly home with my God. RIP Ms. Sallie. We loved you and your unique self.

“ For every life has a purpose to fill, a purpose which us humans can seldom infer. But she was a gift from heaven, whose purpose was to make this world understand what love, friendship, goodness, and humbleness was all about. Goodness belongs to heaven, and I know she is watching from there, bestowing her beautiful smile upon you. May her soul rest in peace

“ Grams you will forever be missed. Life is a book in volumes three  
The past, the present, and the yet-to-be  
The past is written and laid away  
The present we're writing every day  
And the last and best of volumes three  
Is locked from sight - God keeps the key.
